Studley Car Boot is located on land to the south of The Slough at Studley. The market attracts a large number of people and although parking is free of charge vehicles are parked on nearby estate roads and narrow country lanes causing obstruction by reducing the width of the carriageway and by parking around junctions and across accesses. In the interests of road safety and to facilitate the free passage of vehicles Warwickshire County Council propose to introduce areas of No Waiting At Any Time and a market day restriction to prevent parking on Sundays between the hours of 8am – 12midday from the first week in April to the last week in October.
