Cllr Paul Beaman, Chairman of the Council was delighted to see everyone who attended the meeting to receive their awards. It had been a difficult job for the judges this year as there had been such an improvement both in the garden frontages and the allotments. The weather being so dry has been a test for both plot holders and gardeners alike but as usual they rose to the challenge.

Henley and Studley Community Forum

The next meeting of the Forum will be held on Thursday 6th October, Henley High School and 15th December, Wootton Wawen Village Hall at 6.30pm.

The Forums act as an important vehicle to enable members of the public to raise issues of concern or problems. Officers of the relevant agencies such as the Police, Warwickshire County Council and Stratford District Council attend these meetings and wherever possible they will try and resolve any issues that are brought to their attention. We have already had some success such as the placing of bollards next to Tesco Express on the Alcester Road to help prevent parking outside the store.

If you have a specific concern or problem, then come along to the local surgery prior to the meeting. This is held between 6pm and 6.30pm where you will be able to speak personally to your Local Safer Neighbourhood Policing Team, Warwickshire County Council and Stratford District Council Officers.

If you would like to suggest an issue for a Future Community Forum meeting or get involved , please contact the WCC Stratford Area Office on 01789 260133 or email: stratford@warwickshire.gov.uk.

STUDLEY PARISH COUNCIL AWARDS FOR SERVICES TO THE COMMUNITY

It is that time of year again when the Parish Council seek nominations to local groups and individuals in recognition of their services to the Community.

- Silver Jubilee Shield is presented to an individual resident who in the eyes of the Parish Council has made a valuable contribution to the Community
- Millennium Shield is presented to a group or organisation in the Village such as Studley in Bloom, Allotment Association, Action Studley etc.
- Youth Shield is presented to any young person who has made a difference to the Community. The youth of the village often get a 'bad press' but many deserve some recognition for what they do for the village.

For the third year running we are asking residents for their nominations All nominations will be looked at and taken seriously by the Parish Council.

Please use the tear off slip at the bottom of this letter

Studley Library

As many of you may know Warwickshire County Council propose to close Studley Library. Studley Parish Council together with Studley Village Hall Management Committee have put together a Business Case for the Library to be relocated in Studley Village Hall to be run by volunteers. The decision of whether we will be successful will be made by WCC in October. We are all very hopeful as we have a very strong bid in place. Once the decision is made the library should be relocated in the village hall by the end of March 2012.

We have already received a number of requests from people who are willing to give up their time to help run the library. Forms are available in the Parish Office and the foyer of the Village Hall to be completed to enable us to look at the availability of volunteers and then we can ascertain just how many hours and days a week the library can be open. If you are interested in becoming a volunteer either call into the Village Hall. The Parish Office is open most days 9am – 4pm or call 01527 853204 for more information.

FREE ELECTRIC BLANKET CHECKS

Don't delay – Warwickshire County Council's Trading Standards Service has begun to take bookings for their free electric blanket safety tests.

The county-wide campaign, which will run for one week in October, across five venues, is open to all Warwickshire residents, aged 50 and over. Why not have your blanket tested before winter?

"Faulty electric blankets are a serious fire hazard. Our campaign seeks to remove old and dangerous electric blankets from circulation and protect Warwickshire residents. I would strongly urge anyone aged over 50 and living in Warwickshire to take advantage of this offer and book an appointment now!"

Although electric blankets are manufactured to strict standards, wear and tear can leave them more vulnerable to developing a fault and faulty electric blankets can catch fire and cause harm.

Bookings for electric blanket tests are available by appointment only and will be taken on a first come first served basis. The number of appointments is limited so book early to avoid disappointment. Due to the expected demand for blanket tests, a limit of two blankets per person has been set.

Any Warwickshire resident aged 50 or over can book an appointment by phoning or emailing:
01926 414004 (Monday to Friday 9am to 5pm)
ebtesting@warwickshire.gov.uk

Electric blanket testing will take place at the following locations on these dates:

- Monday 3rd October Leamington Town Hall Tuesday 4th October Rugby Library
- Wednesday 5th October Nuneaton Fire Station Thursday 6th October Kenilworth
- Library Friday 7th October Stratford Fire Station

Trading Standards Officers are also taking advantage of the event to reach out to older people with information and advice on a range of issues appropriate to them.

If you are unable to take advantage of the testing programme you can check your own blankets by looking for the following warning signs:

- the fabric is worn or frayed
- there are scorch marks anywhere
- the tie tapes are damaged or missing
- the flex is worn or damaged
- any connections are loose

Remember older blankets in regular use are much more likely to have one or more of the above faults.

For a complete guide to choosing, using, storing, and checking your electric blanket, visit our website www.warwickshire.gov.uk/tradingstandards.
